

Poll - New workshop concept

1. Which version of Powersim modelling tools are you using?
2. Have you used Powersim Studio Demo to evaluate any of the below as they are launched?

| | | | | | | |
|----------------|-------|------|------|-------------------|----|-----------|
| Studio 8 Demo: | Major | FP 1 | FP 2 | FP 3 coming Q3 | No | Uncertain |
| Studio 7 Demo: | Major | FP 1 | FP 2 | FP3 | No | Uncertain |

Major stands for the Major release of for example Studio 8. FP stands for Feature Pack version

3. These features are new in Studio 8 and Studio 7:

| Studio Features with a brief explanation | Have you heard of this feature? | | Would like to learn about this feature? | | |
|---|---------------------------------|----|---|----------|----------|
| | Yes | No | Not at all | Overview | In-depth |
| Series Variables work with variables over the whole time horizon at the start of the simulation | Yes | No | Not at all | Overview | In-depth |
| Working with Submodels Perfect when working in teams or to re-use model parts in new projects | Yes | No | Not at all | Overview | In-depth |
| XLDATA function easy import of data from Excel, can also be utilized from within the Action button | Yes | No | Not at all | Overview | In-depth |
| Action button Allow for more interaction with the end, user can take action or event-driven responses | Yes | No | Not at all | Overview | In-depth |
| Monitor performance of the simulation and see what variable takes the longest time to calculate. | Yes | No | Not at all | Overview | In-depth |
| Team support given by the Studio tool and tips from previous project work. | Yes | No | Not at all | Overview | In-depth |
| Dockable windows find and inspect variables and errors more efficiently | Yes | No | Not at all | Overview | In-depth |
| Priority functions when you have scarce resources and a set of priorities on who gets more than others | Yes | No | Not at all | Overview | In-depth |
| Database Dataset import/Export of data from relational databases. Use as starting point for simulation, budgets etc. | Yes | No | Not at all | Overview | In-depth |

If you want to participate in our raffle on a discounted seat to a workshop of your choice, leave your e-mail address:

Thank you for your taking time to fill in this poll concerning a new workshop concept.
